## Sustainable Schools Program Visit

Dear Parents and Carers,

As part of our Sustainability program, we have invited a schools liaison officer from Bunnings to come and talk to our Year 2 cohort about composting and creating an edible garden.

This presentation will focus on creating a composting bin and getting it started, as well as the steps needed to start an edible garden.

Date: Tuesday 19 March, from 11.45- 1.00 pm.

Should you choose for your child to NOT participate, please return the attached note to your classroom teacher, as soon as possible.

There is no cost involved for this presentation.

Thank you in advance.

Ilse Arellano

Sustainability Teacher K-2

Dear teachers,

I wish for my child \_\_\_\_\_ in year \_\_\_\_\_ to NOT participate in the Bunnings Visit presentation – Composting, on Tuesday 19/3/24.

Signed: \_\_\_\_\_
